The web page they have put up is on the epaosc.org website, which does not reside on an EPA server. Roxanne and I would argue that this is not the appropriate place for a webpage they are sharing with the public and press. However, this is a long running disagreement. - George

Paula and Lisa - please let us know when a public affairs call can be set up with us and R6 and R9 so we can talk through the press response process.

shouldn't this link be .gov rather than .org?

Are there specific messages we can give to NM media about the work that we are doing there?
